

Glass for Good

GLASS FUSING PARTIES FOR FUNDRAISING

It's a win-win situation: You learn to make beautiful fused glass art, and Bullseye Glass donates up to \$800 to your school or non-profit organization!

HOW IT WORKS

- You recruit 16 people to attend a 2.5 hour introductory kilnforming class at Bullseye Glass Resource Center Los Angeles for the regular price of \$100 per person. (There are several classes to choose from.)
- Bullseye Glass collects the class fees and donates up to \$800 (depending on the number of participants) to your organization!

Bullseye provides space, an instructor and teacher's assistant, and all the necessary supplies and materials. The organizer or participants can bring refreshments to enjoy during class. After class, we'll fire the projects you create. They'll be ready for pick up a day or two later.

INTERESTED? Interested? Contact Bullseye Resource Center Los Angeles to discuss your group and what class will work best for your event. Call 323.679.4263 or email losangeles@bullseyeglass.com.

CLASSES AVAILABLE

Glass Fusing Fundamentals

A great way to introduce yourself (or the artist in your life) to the fundamental concepts of creating glass objects in the kiln. Using a wide range of glasses, students make an 8" x 8" fused and slumped plate.

Graphic Relief in Thick Glass

Create numbers or letters or other graphic imagery on a luscious slab of glass using a ceramic fiber paper design and the right amount of heat, a technique known as kilncarving.

Hip to be Square: Graphic Coasters

Learn the basics of powder printing, a screen printing method that uses glass powder to create images with rich textures and colors on glass—and create a set of coasters your guests will want to steal!

The Necklace Project

A fun, project-based workshop. Working with a wide palette of sheet glass colors and pre-designed part sheets, you'll plan, cut, and assemble three unique glass pendants.
