

# Molds

From Creative Ceramics in Europe, the finest commercial slumping molds on the market. Slipcast from a specially formulated clay body, these molds have an exceptionally smooth surface, accept primer uniformly, and do not crack under repeated use if handled properly.

Note: The measurements given here are for the **approximate outer dimensions** of the mold. This is to help you determine whether a given mold will fit in your kiln. Since they are handmade, individual molds will vary in size. **Never cut glass to fit until you have measured your mold.**

See *Suggested Slumping Schedules* at [bullseyeglass.com](http://bullseyeglass.com). Includes schedules for more than 100 molds.
